Genshin Impact July 2026 Codes: Free Primogems for Sandrone & Citlali

Active Genshin Impact Codes (July 2026)

The wait is finally over, Travelers! As of July 1, 2026, HoYoverse has officially launched Version 6.7, "Luna VIII" (Song of the Welkin Moon: Scherzo — "Sunny Summer Fontinalia").

If your Primogem stash is running dangerously low after pulling for Lohen and Mavuika during Version 6.6, you're certainly not alone. With the long-awaited debut of the 5-star Cryo puppet master Sandrone and the return of Citlali on the limited-time banners, every free Primogem can make the difference between winning your next 50/50 or walking away empty-handed.

To help you maximize your wishes without spending real money, we've compiled all of the currently active Genshin Impact redeem codes for July 2026.

Active Genshin Impact Codes (July 2026)

Be sure to redeem these codes as soon as possible. HoYoverse has become increasingly strict with redemption limits, and several promotional codes may expire early once global redemption caps are reached.

Expired Genshin Impact Codes (July 2026)

The Version 6.7 livestream codes Marionette, TotheMoon, and TeaPartyTime have expired, along with LCXGEA5SX65L and MageNicolesPuzzle.

Why Exploration Feels Slower in Nod-Krai

Version 6.x introduced larger, more vertical regions with faster traversal mechanics. Exploration rewards are spread across wider areas, making redeem codes one of the fastest ways to earn free Primogems.

How to Redeem Genshin Impact Codes

Reach Adventure Rank 10, then redeem codes either through the official website or in-game via Settings > Account > Redeem Code. Rewards are delivered to your in-game mailbox.
